

Caroline Herbert Walking Guide

I am an experienced, qualified and insured guide based here in the Mani. I can tailor walks to suit your interests and capabilities.

Walking in this area will give you chance to explore the history and culture as well as the magnificent scenery around you, and walking with a guide will give you the confidence to do this.

Most routes follow old mule tracks "kalderimi" between villages and give you the chance to see truly unspoilt parts of the area. You could descend the spectacular Viros Gorge and visit beautiful frescoed churches.
